

MAX AIR®

Optional
Peel Away Lens

PH Hood

REF #: 2281PH-100

System-wide Healthcare

Preferred for Non-Sterile environments when 360° respiratory and contact protection is required. Use with all Non-PR Style Helmets.

NO FIT TESTING

NIOSH APPROVED

Powered Air Purifying Respirator

- PAPR100-N
- Level 4 Material¹
- Source Control²
- No Breathing Tube
- No Back Blower Unit

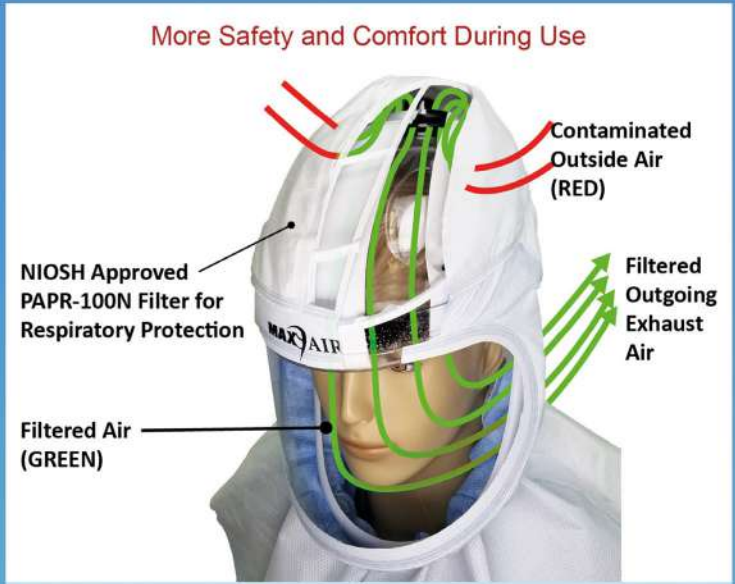

¹ ANSI/AAMI PB70:2020

² "PH" Hoods incorporate Source Control Filtration that consists of both APF of 1,000 incoming air filtration for safer wearer inhalation, plus >97% exiting air filtration for safer rearward exhaust (reference Syntch International's Technical Bulletin on Outward Particulate Reduction, P/N 04123042) to the wearers' surroundings.

**No Breathing Tube
No Back Blower Unit**

More Safety and Comfort
More Mobile and Maneuverability

Source Control

Incoming Filtration >99.99%, APF = 1,000
Exhaust Filtration >97%
